

SUPER-TACK™

Velour
Backed

ABRASIVE PAPER

*The perfect sanding medium that will lead you toward a high efficiency operation. Leap to the future with **SUPER-TACK** Discs & Sheets.*

*The convenience of velour backing, much cooler sanding and superb finishes are some of the reasons that, since its introduction, Eagle Finkat **SUPER-TACK** abrasive paper has been well accepted by more and more professionals who demand the best for their jobs.*

Achieving quality through consistency.
Manufactured by Kovax Corporation, Japan

EAGLE **SUPER-TACK**™ *Velour Backed* PAPER

- **COOLER SANDING:** A slight space forms between the paper and the hooked pad to create a cushion allowing heat from high speed sanding to escape, which leads to cooler sanding.
- **REPEATABLE APPLICATION:** Since **SUPER-TACK** does not require an adhesion agent, changing from different grits is a breeze. Partially used discs or sheets can be repeatedly used for their full life, so there's no waste.
- **PERFORMANCE:** In addition to the benefits of its superior velour backing, **SUPER-TACK** all-resin bonded abrasive paper, like all other Eagle products, provides excellent speed, superb finishes and effortless sanding, job after job.
- **CONVENIENCE OF USE:** **SUPER-TACK** paper utilizes velour backing to provide fast hook-on and removal from the sanding pad so paper can be changed in the blink of an eye.
- **DURABILITY:** The velour backing increases flexibility and durability of the paper which eliminates shrinkage, wrinkling and entanglement.

Description	Grit No.	Disc Sizes						Sheet Size
