

INNOVATIVE SOLUTIONS THAT PERFORM™

In 1953, Fiberglass Evercoat started in a two-car garage in a Cincinnati, Ohio suburb, specializing in marine repair products. Shortly after in 1960, The Auto Wax Company was formed in Dallas, Texas specializing in interior cleaning products. The two joined forces in 2006 with long-standing traditions of innovation that continues today.

Shaping the Future

THE RAGE® ULTRA EXPRESS REPAIR PROCESS

Save up to 36% in time and up to 40% in materials on dent repairs

RAGE® ULTRA - 100125

- New and improved formula spreads easier and virtually eliminates micro-pinholes
- Superior adhesion to aluminum, galvanized steel, SMC, fiberglass, and silicon-bronze welds
- Meets 500 hour corrosion resistance (ASTM B117)

440 EXPRESS™ - 100440

- Reduces primer usage by up to one-third
- Reduces rework by eliminating micro-pinholes
- No sanding required

PREMIUM PUTTY

METAL GLAZE® ULTRA - 100425

- World's best sanding polyester putty
- New and improved formula spreads easier and self levels
- Excellent adhesion to multiple substrates
- Can be applied directly to sanded OEM paint for small repairs
- Meets 500 hour corrosion resistance (ASTM B117)

4:1 PRIMERS

High performance primers requiring fewer coats save time and money

SUPER BUILD 4:1 - 100730

FIBER FILL 4:1 - 100736

FINISH SAND 4:1 - 100738

- Easy 4:1 mixing
- Passes 500 hours in salt spray test (ASTM B117)
- Can be applied over properly sanded and cleaned bare metals
- Compatible with waterborne paint systems
- VOC compliant

CLEARCOATS & CATALYSTS

- Versatile, high-solids clearcoats for spot repairs and overall refinishing
- Works well in air dry or force dry environments
- Excellent gloss and buffing characteristics

NATIONAL RULE COMPLIANT*

- 102515 Spot Clearcoat
- 102520 Universal Clearcoat
- 102522 Fast Clear Catalyst
- 102524 Medium Clear Catalyst
- 102526 Slow Clear Catalyst

2.1 VOC COMPLIANT*

- 102740 2.1 Universal Clearcoat
- 102742 2.1 Fast Clear Catalyst
- 102744 2.1 Medium Clear Catalyst
- 102746 2.1 Slow Clear Catalyst

* Also available in quart size clearcoats and half pint size catalysts.

BODY SHOP SAFE COLLECTION™

- A collection of premium Auto Magic products to meet the needs of today's professional collision center
- A complete product line of high-performing products
 - Multi-purpose formulas allow shops to maximize their inventory investment with fewer SKUs
 - Many products can be diluted offering a better cost per gallon value
 - Easily integrates into the Auto Magic 6 Stages of Reconditioning training program for optimum results

6 STAGES OF RECONDITIONING™

Step-by-step process that provides the tools and techniques to assure a professional detailing job

- Start to finish program divided into 6 individual segments
- Addresses typical reconditioning problems
- Helps save time with professional quality results
- Offers good, better, best product options

EXTERIOR DETAILING

PC-1 EXTRA CUT COMPOUND - 501201

- Extra-heavy cutting, one-step compound
- Excellent on new and old paint, leaving a high-gloss finish
- Silicone-free, VOC Compliant, and Body Shop Safe

CLAY MAGIC® - CM1200 and CM2200

- Makes the vehicle's finish as smooth as glass
- Removes harmful surface contaminants such as paint overspray, tree sap, bug residue, industrial fallout, and other stubborn dirt
- Safe on all types of vehicles
- Extremely easy to do and takes only approximately 15 minutes to perform
