Medical Conditions Aggravated by Exposure: Dermatitis

Section 5 - Firefighting Measures

Extinguishing Media: CO₂, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam.

Fire Fighting Procedures: Thermal decomposition may generate toxic gases. Self-contained breathing apparatus with a full face piece operated in pressure demand is recommended. Water spray may be used to cool containers exposed to heat

Special Protective Equipment for Firefighters: Use self-contained breathing apparatus if necessary.

Unusual Fire and Explosion Hazards: Ammonia gas may be liberated at high temperatures.

Section 6 - Accidental Release Measures

Steps to be Taken if Material is Released or Spilled: Cover spill with absorbent material and shovel into waste disposal drum. Dispose of in accordance with state, federal, and local regulations. Dried material is not hazardous.

Personal Precautions: While wet, material is very slippery. Cover spills immediately with absorbent material.

Environmental Precautions: Do not allow to enter sewers/ surface or ground water.

Section 7 - Handling and Storage

General Handling: Keep out of reach of children. Keep containers closed when not in use. Do not transfer contents to other containers.

Other Precautions:

Storage: Store in cool, dry, well ventilated areas. Keep closure tight and containers upright to prevent leakage.

Section 8 - Precautions to Control Exposure / Personal Protection

Component	Source	Type	Value	Remarks
-----------	--------	------	-------	---------

Personal Protective Equipment (PPE):

Eye/Face Protection: Goggles or side-shielded safety glasses.

Skin Protection: Neoprene or butyl rubber gloves.

Respiratory Protection: Use of a NIOSH approved chemical/mechanical filter, designed to remove a combination of particles and vapor if application is by spraying.

Hygienic Measures: Wash hands before eating, smoking or using the bathroom

Other Protection Measures: To prevent repeated or prolonged skin contact, wear impervious clothing and boots. Wash contaminated clothing before re-use.
